

From the health department:  
1st Order issued: 4/29/2024  
2nd Order issued: 6/10/2024

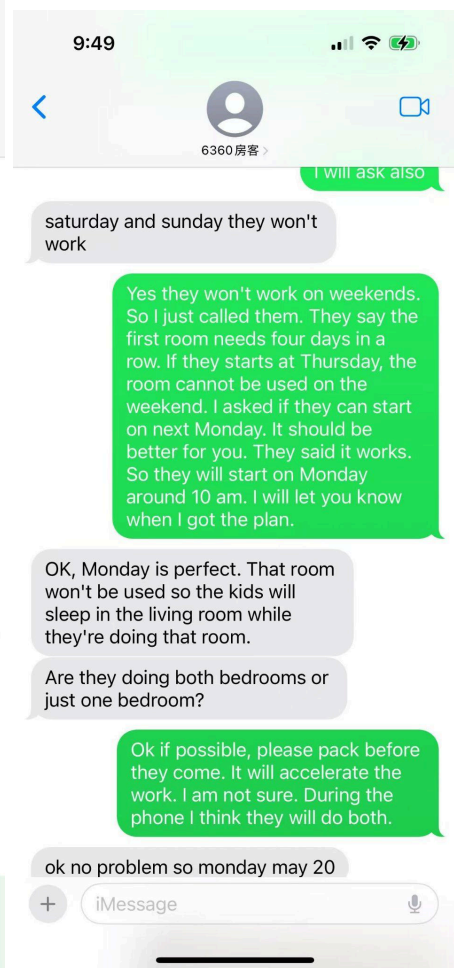

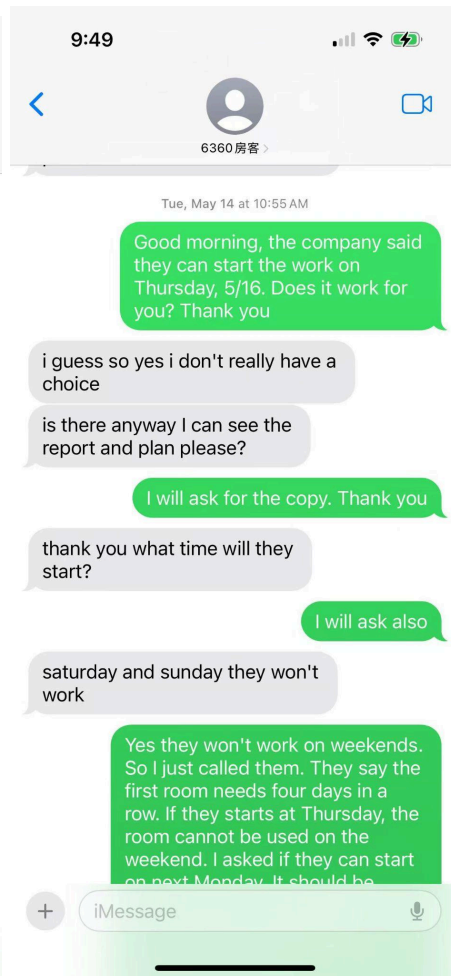

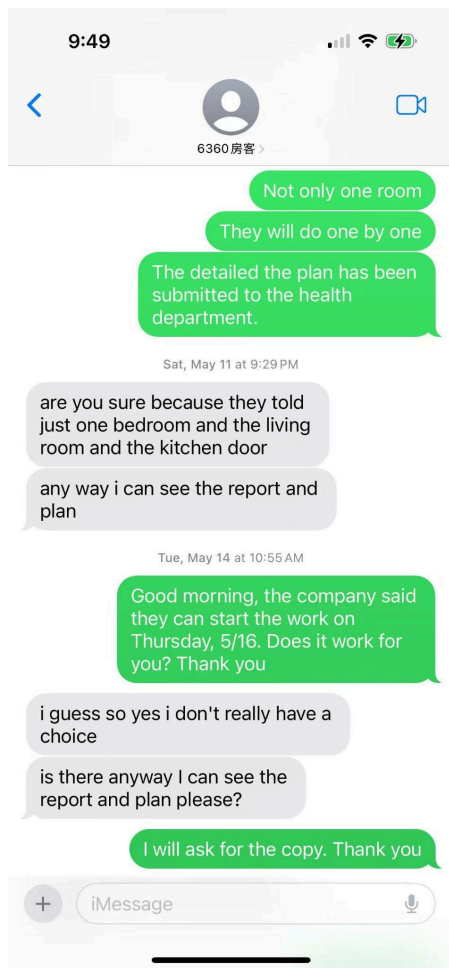

Environment service company checked the apartment at 5/3/2024

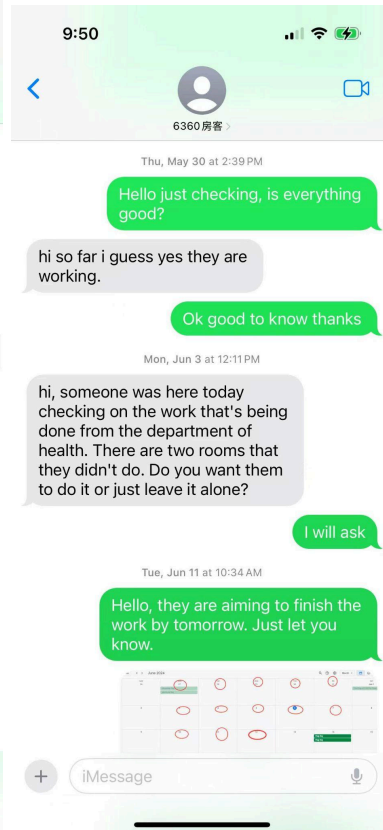

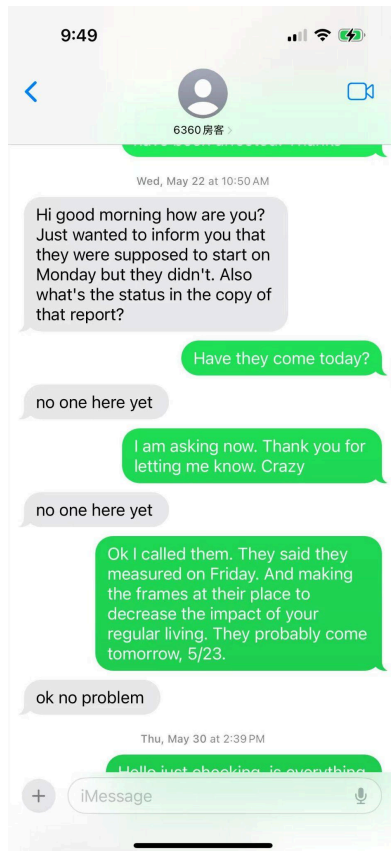

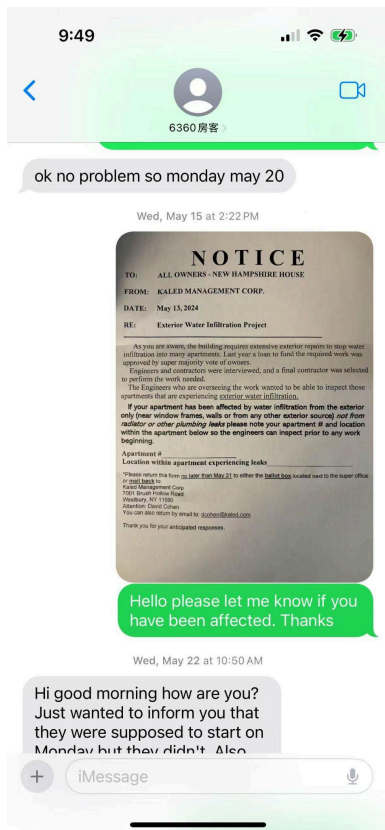

Sign with Environment service company at 5/8/2024

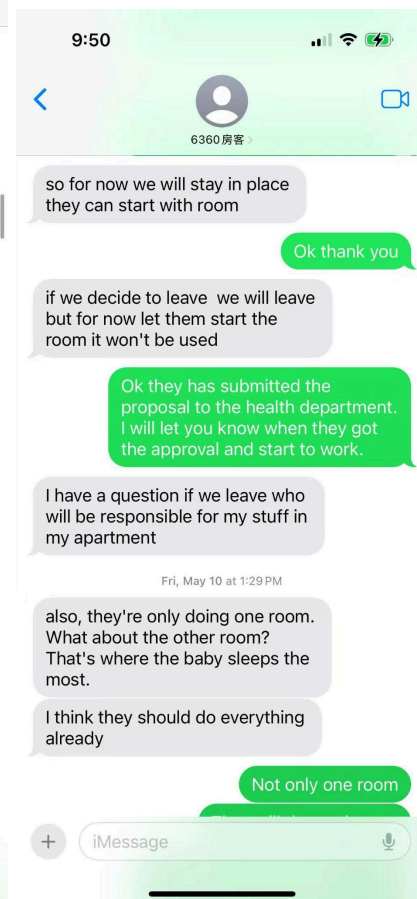

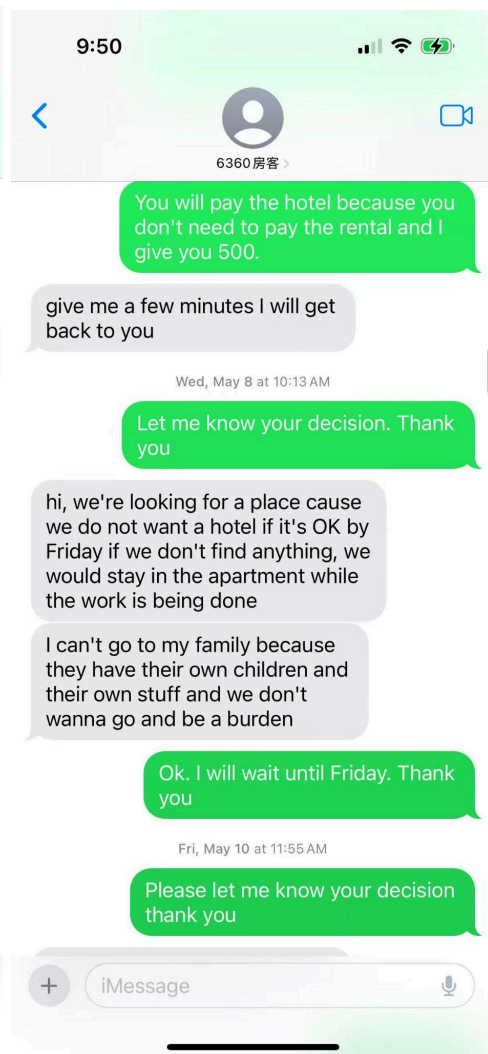

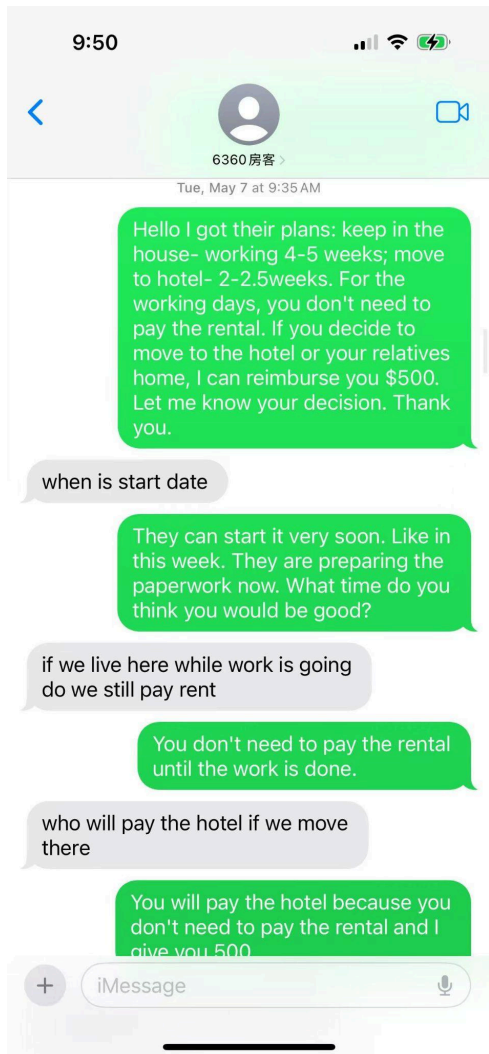

The Environmental service company started the work 5/27 and finished the first part of work on 6/7. Since the tenant didn't let the health department do the inspection in the bedroom, they needed to do the inspection again. So I got a second order for the bedroom. Then it was Jewish holiday. The company cannot do the work according to the tenant's requirement. The entire work has been done on 6/19.

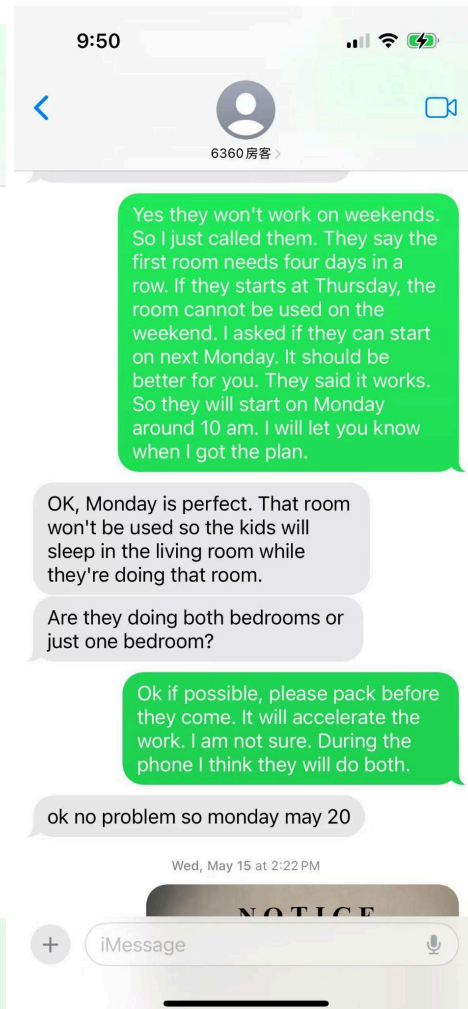

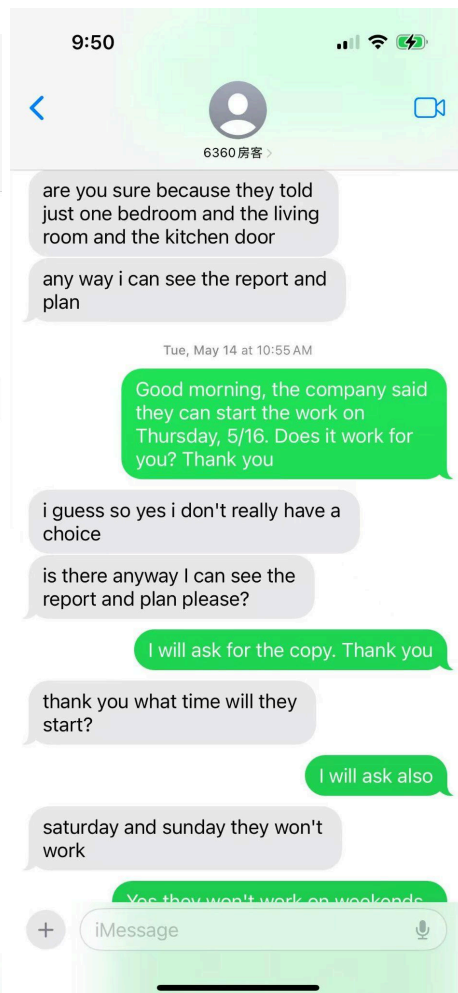

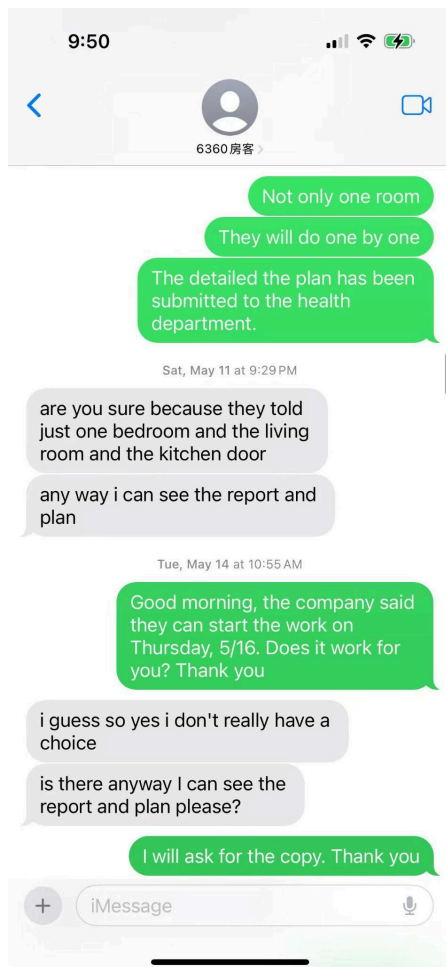

Compliance inspection date: 6/24/2024.
